

Industry: Technology
Use Case: Customer Training, Employee Training, Sales Training

ADP Uses SAP Litmos to Power Its **World-Class Training** Program

ADP is a global provider of cloud-based Human Capital Management (HCM) solutions that unite HR, payroll, talent, time, tax and benefits administration, and is a leader in business outsourcing services, analytics and compliance expertise. For 60 years, the company's unmatched experience, deep insights, and cutting-edge technology have transformed human resources from a back-office administrative function to a strategic business advantage. Now, with 650,000 clients in more than 110 countries, ADP helps organizations of all types and sizes unlock their business potential.

The Learning and Leadership team at ADP prides themselves on offering world-class training programs. They continually look for new solutions and practices that can push their programs even further ahead. In their recent search for a new LMS, they identified clear needs for a system that was highly intuitive, provided advanced reporting and greater functionality for sales associates.

“We did extensive research on different LMSs and we found that **SAP Litmos offered the most functionality** and we really were impressed with their intuitive user interface. We're really looking forward to our partnership with SAP Litmos and making our world-class programs even better.”

Ellen Vines
Director of Tools and Technology
